

Continence Nurse Specialist

Full-Time or Part-Time Position

Be a part of the quality clinical services and information provided by the Continence Foundation of Australia (the Foundation). The Foundation is the national peak body focussing on advocating for improved quality of life for the 1 in 4 Australians who face the stigma and restrictions of bladder or bowel control health issues.

If you are interested in supporting people to live well by providing nursing services and education in continence care, this is the role for you.

We are recruiting for a Continence Nurse Specialist to work as part of our Clinical Services. Based in Melbourne, you will support consumers by providing current, evidence based and best practice information and support. Services are primarily within the disability sector and may also include paediatric and aged care consumers. A primary component of the role is providing telehealth assessments to consumers nationally.

Help us end the stigma and restrictions of incontinence, and work collaboratively with all our staff to achieve our vision and strategic goals.

ABOUT THE ROLE

This position reports to the NSW Services Manager and you will be part of both a local and a national clinical team and have opportunities for ongoing professional development.

As the ideal candidate, you will:

- be a Registered Nurse with post graduate qualifications and have a minimum of five years experience in continence assessment, management and care
- have a high level of skill in continence assessment, management and care
- be dedicated to continuous professional development with a focus on continence knowledge enhancement
- understand person centred care and partnering with consumers principles
- be confident in providing both clinic and community-based care
- have strong communication skills – interpersonal, written and verbal

Any questions regarding this position, please email a.depaula@continence.org.au.

Part-time and full-time applicants encouraged to apply. Please forward your application, including a covering letter and resume/CV, to a.depaula@continence.org.au. Applications close Friday 2 December 2022.
