# Welcome

## Welcome message from the CEOs

The conjoint meeting of the National Conference on Incontinence and the Functional Urology Symposium in 2023 provides our sponsor and exhibition partners with a unique opportunity to interact with an extended audience of multidisciplinary professionals who have a special interest in functional urology and continence.

The Scientific Program Committee has planned a program with broad appeal, whether it be in the topics presented as pre-conference workshops or in the program itself. Key international and national speakers have been invited to address topics such as neurogenic bladder and bowel dysfunction, pelvic pain, male and female lower urinary tract symptoms, basic science, neuromodulation and pelvic floor dysfunction.

A call for papers has gone out to researchers, clinicians and health care / allied health professionals to contribute to the diverse program with oral, e-poster presentations and workshops.

With more than 500 anticipated delegates, the Foundation and USANZ invite you to participate and be part of the success of this unique event.
