

CONFERENCE PROGRAM

Adelaide Convention Centre | 14-17 June 2023

Wednesday 14 June 2023

T FINE

	Wednesday 14 Julie 2023			
9:00- 12:30	Workshop 1	Workshop 2	Workshop 3	Workshop 4
	Comprehensive continence assessment, advanced practice principles, and the responsibility of the Nurse Continence Specialist Chair: Kerry Poole Target audience: Nurses only	Truly biopsychosocial management of pelvic pain in women: What have we done, where are we now, and where are we going? Chair: Jane Chalmers Target audience: Multidisciplinary	Neuromodulation a hands on surgical workshop Chair: Ashani Couchman Target audience: Clinical specialist practitioners seeking further skills/ training in tined lead and INS full implant placement Sponsored by Axonics	Multi-disciplinary pessary management: Advancing pessary practitioner skills Chair and Presenter: Patricia Neumann; Co-presenter Oliver Daly Target audience: Multidisciplinary
12:30		Lui	nch	
13:00-				
16:30	Workshop 6	Workshop 7	Workshop 8	Workshop 9
16:30	Workshop 6 Trauma informed care in treatment of pelvic pain and bowel / bladder dysfunction Chair: Celia Bolton Target audience: Multidisciplinary	Current approaches to bedwetting in children who are neurodiverse: Benefits, burdens, and global trends Chair to be confirmed Presenters: Joanne Lawrence; Jodie Thompson Target audience: Multidisciplinary	Transperineal ultrasound masterclass for Pelvic Health Physiotherapists Chair: Hayley Irving Presenters: Paul Hodges & Irmina Nahon Target audience: Physiotherapists only	Pearls in continence management from cradle to grave Chairs: Vincent Tse/Ashani Couchman Target audience: Multidisciplinary

	Thursday 1	5 June	2023
7:00	Breakfast Session - Risky business - Buildin	g a unific	ed approach to assessing UTIs risks factors
	Presente	ed by Kyli	e Wicks
	Spe	onsored	by
		Colop	olast
8:30	Welco	me to Co	untry
8:40	Openin	g and we	elcome
	Plenary Session 1 - New Frontiers Chair	persons	- Eric Chung, Ashani Couchman
9.00	Angela Rantell - STATE OF THE ART - Female incontinence, change in practice with lack of mesh		
9:20	Alexandra Mowat UGSA LECTURE Options in a meshless era		
	UROGYNAECOLOGICAL SOCIETY OF AUSTRALASIA		
9:40	Paul Hodges - Male continence mechanism - a re	esearch u	pdate in 2023
9:55	Howard Goldman - Male incontinence surgery: A	n update	on the 7th International Consultation on
10:15	Incontinence Q&A		
10:15	Morning Tea with	Industry	(Exhibition Hall)
10.50	Concurrent Session 2A:	industry	Concurrent Session 2B:
	Ageing - Considerations In Continence		Male LUTS
	nairpersons - Leigh Pretty, Michael Whishaw		Chairpersons - Anna Lawrence, Vincent Tse
11:00	Michael Murray - Note to my younger self	11:00	Francisco Martins - Advances in urogenital trauma and reconstruction
11:20	Lewis Chan - The ageing bladder- implications for clinical practice USANZ Lecture	11:20	Janelle Brennan: Over and underactive bladder: Is BPE the culprit and what can be
	UROLOGICAL SOCIETY OF AUSTRALIA		done
11:40	Amanda Chung - Histological and	11:35	Debate : Surgical treatment for an 80g prostate
11.40	ultrastructural changes to the lower urinary tract with ageing	11.55	in a 50 yr old sexually active male INTRO
11:55	Howard Goldman - STATE OF THE ART	11:40	Mariolyn Raj - Urolift
	OAB and anticholinergics: Does treating the bladder put the brain at risk	11:50	James Aspinall - Rezum
12:20	Treasure McGuire - Management of the older	12:00	Eric Chung - Apical-sparing TURP
	person: identifying harm from polypharmacy	12:10	Debate findings and vote
12:30	Lunch with Industry, including e-Poster pre	sentatio	
	Concurrent Session 3A: eurogenic Bladder and Bowel Dysfunction airpersons - Samantha Pillay, Janie Thompson	Ch	Concurrent Session 3B: Male Plumbing 101 - New evidence airpersons - Stephen Brough, Elizabeth Dally
13:30	Jalesh Panicker - STATE OF THE ART Nocturia	13:30	Francisco Martins - Posterior urethral
	and nocturnal polyuria in neurological patients: from epidemiology to treatment. A systematic review of the literature		obstruction: Lower urinary tract reconstruction 101
13:50	Angela Khera - Behavioural treatment/physio for functional bowel symptoms in inflammatory bowel disease.	13:50	Irmina Nahon - Role of pelvic floor physiotherapist in male pelvic dysfunction
14:05	Phil Dinning - The Role of neuromodulation in bowel dysfunction	14:05	Selma van Diest - Chronic male pelvic pain syndrome - a psychologist's perspective
14:20	Angela Rantell - The role of Botox in neurogenic detrusor overactivity	14:20	Q&A

14:40	Jalesh Panicker - LUTS in Parkinson's Disease	14:25	Debate : Surgical treatment for a post- prostatectomy incontinent male with a 24-hour pad weight of 500ml (What does the MASTER trial tell us?)
		14:30	Giovanni Losco - Male sling
		14:45	Sophie Plagakis - Artificial urinary sphincter
15:00	Afternoon Tea with	Industry	(Exhibition Hall)
	Plenary session 4 - Male Pelvio Chairpersons - Hayley		
15:30	Eric Chung - Minimal invasive prostate surgery: H	lype or ho	ppe for BPH patients?
15:40	Paul Hodges - Male pelvic floor: Diagnostic asses	sment ar	nd pelvic physiotherapy
15:50	Andrew Fuller - Robotic Surgery for the enlarged	prostate	
16:00	Kerry Santoro - The bladder - beyond medical or	surgical	therapy: Role of a nurse
16:10	Panel Case discussion		
16:40	Abstract Podium Presentation - Alanna Barwoo Psychological Screening Questionnaire (3PSQ): A		
16:47	Abstract Podium Presentation - Giovanni Losco simple procedure, but is it so?	- Suprap	ubic catheter usage - A simple catheter usage - A
16.54	Abstract Podium Presentation - Carol Jones - The questionnaire, based on the Fremantle Back Aware individuals with persistent perineal pain.		
17:00	Welcome Rece	ption (E	chibition Hall)

	Friday 16	June 2023
7:00		modulation Therapy for Functional Urology
		by Chris Rosewarne
	Sponsored by	y Medtronic
		POP Chairperson - Tory Toogood, lan Tucker
8:30	Helena Frawley - Pelvic Floor Assessment 101	
8:45	Warren Lo - Clinical assessment and diagnosis o	· · · · · · · · · · · · · · · · · · ·
9:05		nal pessaries for POP - the international perspective
9:20	Trish Neumann - Pessary guidelines and Manage	ement - the Australian perspective
9:35	Vincent Tse - Surgical management of prolapse	
9.55	Howard Goldman - Complication of prolapse sur	rgery
10:20	Q&A	a Industry (Exhibition Hall)
10:30	Concurrent session 6A	n Industry (Exhibition Hall)
	ansition - Considerations and Challenges airpersons - Ashani Couchman, Terri Poulton	Concurrent session 6B - FUS 'Decision Time !' Chairpersons - Dominic Lee, Audrey Wang
11:00	Howard Goldman - Neurophysiology of micturition and its clinical implications in teenagers	Sophie Plagakis - Should I offer concomitant Botox and SUI procedures in women?
		11:15 Ailsa Wilson-Edwards: Drug refractory OAB - SNM or Botox or both ?
11:25	Lisa Naeher - Teenage Spinal Cord injury - the teenager in the wheelchair	11:30 Q&A
11:40	Ashani Couchman - How to decide when to	11:40 Francisco Martins - Female BOO from urethral stricture: Surgical options
11.40	operate?	11:55 Howard Goldman - Is urodynamics indicated prior to female and male sling surgery?
		12:10 Q&A
11:55	Katelin Gunn - Consumer story	12:20 Abstract Podium Presentation - Judith Thompson - Evaluating the content validity of the 3PSQ in people with persistent pelvic pain:
12:15	Stephanie Kotes - Lessons learned or could have learnt - are we exposed to enough	A mixed method cross-sectional study.
	adolescent urology?	12:27 Abstract Podium Presentation - Christian Moro - Are muscarinic agonists and acetylcholinesterase inhibitors effective for the treatment of underactive bladder?
12:30	Lunch with Industry, including e-Poster pre	esentations commencing at 1.00pm (Exhibition Hall)
	current session 7A - Pelvic Floor Pot Pourri irpersons - Helena Frawley, Christine Murray, Jenny Phillips	Concurrent session 7B - FUS: Surgical Masterclass Chairpersons - Lewis Chan, Sophie Plagakis
13:30	Abstract Podium Presentation - Kevin Yinkit Zhuo - How to prevent urinary tract infections: what is online video content teaching our patients?	13:30 Howard Goldman - STATE OF THE ART - Management of transvaginal mesh erosion into the urethra
13:37	Abstract Podium Presentation - Bernadette Dellar - A novel method to assess female voiding. Is transpubic sonography a reliable assessment of functional voiding in asymptomatic females?	
13:44	Abstract Podium Presentation - Oliver Daly - Clinical practice trends in pelvic floor procedures: survey results from the Australasian Pelvic Floor Procedure Registry	

13-50 Abstract Podium Presentation - Frances Harley - Early experience of transvaginal mesh				
Brennan- Feasibility of pelvic floor muscle training delivered via telehealth to treat urinary and/or faceal incontinence after gynaecological cancer surgery: a single cohort feasibility study 14:05 Abstract Podium Presentation - Amelia Mardon - What pain science concepts are important to females with persistent pelvic pain? A reflexive thematic analysis 14:12 Abstract Podium Presentation - Jodie Dakic - Experience of playing sport/exercising for women with pelvic floor symptoms: A Qualitative study 14:19 Abstract Podium Presentation - Robyn Brennan - The natural history of pelvic floor disorders before and after hysterectomy for gynaecological cancer 14:26 Abstract Podium Presentation - Amelia Mardon - What pain science education concepts for persistent pelvic pain: an e-Delphi study of expert clinicians 14:33 Abstract Podium Presentation - Alexandra Emerson - Functional outcomes 12 months post full mesh removal - a retrospective analysis of a single centre 14:40 Abstract Podium Presentation - Melissa Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice. 14:47 Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:47 Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:48 Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) Close Gala Dinner (Adelaide Convention Centre)	13:51	Harley - Early experience of transabdominal and novel transvaginal robot-assisted	13:50	
Mardon - What pain science concepts are important to females with persistent pelvic pain? A reflexive thematic analysis 14:12 Abstract Podium Presentation - Jodie Dakic - Experience of playing sport/exercising for women with pelvic floor symptoms: A Qualitative study 14:19 Abstract Podium Presentation - Robyn Brennan - The natural history of pelvic floor disorders before and after hysterectomy for gynaecological cancer 14:26 Abstract Podium Presentation - Amelia Mardon - What pain science education concepts for persistent pelvic pain: an e-Delphi study of expert clinicians 14:33 Abstract Podium Presentation - Alexandra Emerson - Functional outcomes 12 months post full mesh removal - a retrospective analysis of a single centre 14:40 Abstract Podium Presentation - Melissa Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice. 14:47 Abstract Podium Presentation - Nives Zerafa - Bonefits of co-design with consumers to develop a no-language resource on incontinence 14:54 Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 16:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) Close 19:00- Gala Dinner (Adelaide Convention Centra)	13:58	Brennan- Feasibility of pelvic floor muscle training delivered via telehealth to treat urinary and/or faecal incontinence after gynaecological		
Dakic - Experience of playing sport/exercising for women with pelvic floor symptoms: A Qualitative study 14:19 Abstract Podium Presentation - Robyn Brennan - The natural history of pelvic floor disorders before and after hysterectomy for gynaecological cancer 14:28 Abstract Podium Presentation - Amelia Mardon - What pain science education concepts for persistent pelvic pain: an e-Delphi study of expert clinicians 14:33 Abstract Podium Presentation - Alexandra Emerson - Functional outcomes 12 months post full mesh removal - a retrospective analysis of a single centre 14:40 Abstract Podium Presentation - Melissa Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice. 14:47 Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:54 Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) Close 19:00-	14:05	Mardon - What pain science concepts are important to females with persistent pelvic	14:05	·
Brennan - The natural history of pelvic floor disorders before and after hysterectomy for gynaecological cancer 14:26	14:12	Dakic - Experience of playing sport/exercising for women with pelvic floor symptoms: A	14:15	Q&A
Mardon - What pain science education concepts for persistent pelvic pain: an e-Delphi study of expert clinicians 14:33 Abstract Podium Presentation - Alexandra Emerson - Functional outcomes 12 months post full mesh removal – a retrospective analysis of a single centre 14:40 Abstract Podium Presentation - Melissa Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice. 14:47 Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:54 Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00- Gala Dinner (Adalaide Convention Centra)	14:19	Brennan - The natural history of pelvic floor disorders before and after hysterectomy for		
Emerson - Functional outcomes 12 months post full mesh removal – a retrospective analysis of a single centre 14:40 Abstract Podium Presentation - Melissa Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice. 14:47 Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:54 Abstract Podium Presentation - Ruth Snider – An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close	14:26	Mardon - What pain science education concepts for persistent pelvic pain: an e-Delphi	14:22	cuff erosion in radiated patients - When to
Harris - Australian health care practitioners providing pessaries for women with pelvic organ prolapse: a survey of practice. 14:47 Abstract Podium Presentation - Nives Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:54 Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00-	14:33	Emerson - Functional outcomes 12 months post full mesh removal – a retrospective		
Zerafa - Benefits of co-design with consumers to develop a no-language resource on incontinence 14:54 Abstract Podium Presentation - Ruth Snider - An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00- Gala Dinner (Adalaida Convention Centre)	14:40	Harris - Australian health care practitioners providing pessaries for women with pelvic organ	14:37	
- An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary tract infections in women 15:00 Afternoon Tea with Industry (Exhibition Hall) Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close Gala Dinner (Adalaide Convention Centre)	14:47	Zerafa - Benefits of co-design with consumers to develop a no-language resource on		
Plenary session 8 - Pearls of Pain Chairpersons - Patricia Neumann, Judith Thompson 15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00-	14:54	- An Australasian primary care clinical practice pathway for uncomplicated recurrent urinary	14:52	Q&A
15:30 Susan Evans - Neuroimmune connections between pelvic visceral organs including the bladder and the central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00-	15:00	Afternoon Tea witl	n Industry	y (Exhibition Hall)
central nervous system 15:45 Tonia Mezzini - Pearls of sexual pain 16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00- Gala Dinner (Adelaide Convention Centre)		Plenary session 8 - Pearls of Pain Chairpe	rsons - Pa	atricia Neumann, Judith Thompson
16:00 Irina Hollington - Chronic pain specialist approach: insights into prescribing and interventional procedures for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00- Gala Dipper (Adelaide Convention Centre)	15:30		en pelvic	visceral organs including the bladder and the
for pelvic pain 16:15 Sonia Scharfbillig - Pearls of physiotherapy management of pelvic pain 16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00- Gala Dipper (Adelaide Convention Centre)	15:45	· ·		
16:30 Case base discussions (Susan Evans, Tonia Mezzini, Irina Hollington, Sonia Scharfbillig) 17:00 Close 19:00- Gala Dipper (Adelaide Convention Centre)	16:00		ch: insight	ts into prescribing and interventional procedures

	Saturday 17 June 2023
	Plenary session 9 - UTI and Gut Microbiome, Antibiotic Stewardship
0.00	Chairpersons - Christian Moro, Michael Murray
9:00	Angela Rantell - How can we improve investigation, prevention and treatment for recurrent urinary tract infections – ICI-RS 2018
9:25	Patricia Kaazan - Constipation and defecatory disorders
9:40	Ashani Couchman - UTI risk in SPI: A Retrospective Review
9:55	Q&A
10:00	Morning Tea & Exhibition
	Plenary session 10 - Radiology/ Oncology Chairpersons - Liza Lau, lan Tucker
10:30	Francisco Martins - Complex urinary fistulae conditions in males: State of the Art Management
10:55	Bridgid Connolly - MRI of the Pelvic Floor
11:10	Lewis Chan - Pelvic Floor mesh assessment with ultrasound
11:25	Kerry Santoro - Cancer Survivorship - Challenges for the oncological nurse
11:40	Q&A
11:45	Closure of NCOI program and announcements of awards
12:00	Lunch
	Plenary session 11 - FUS Program - Research Science Chairpersons - Jang Kim, Vincent Tse
13:00	Plenary session 11 - FUS Program - Research Science Chairpersons - Jang Kim, Vincent Tse Yao-Chi Chuang - PPCS Lecture New Frontiers of Extracorporeal Shock Wave Medicine in Urology from Bench to Clinical Studies
